Some of the lines in the text below have a word which should not be there. If the line is correct put a tick into the box at the end of the line. If the line has a word which should not be there, write the word into the box.

1	My home town is a small village in the southern Alps of France called	
2	Montpasse. In the past days most people were farmers but today people earn	
3	their living from tourism and small businesses. Montpasse is being a pretty	
4	town with an old castle and wonderful views of the mountains. The sun	
5	shines the most days, even in winter when the weather is perfect for skiing.	
6	It is a wonderful place how to grow up as a child. There are fields of corn	
7	where children can play and beautifully clear streams and rivers just outside	
8	the town where do you see fish jumping out of the water. On a hot summer's	
9	day the cool water of those streams and rivers is looking like an oasis. My	
10	favorite childhood memories are of such afternoons with my friends. The	
11	winter sports are fantastic too and a pair of skis is all you need for hours of	
12	fun. I haven't been back to my village for over a while but all I do is think	
13	of home. I can taste the fresh air and feel out the gentle wind.	
14	I am living in England often now because of my job. I would love to go home	
15	this summer and spend long carefree days by the river. I have not the money;	
16	it's a question of finding the time to get away. I suppose we all miss the place	
17	we grew up in and we even want to go back some time.
