

Body Modification

Your class is taking part in an EU-funded project on youth cultures in different countries. One of the topics is tattoos, piercings and body modifications. You have just seen the following pictures in a magazine. Write an article about this topic.

In your article you should:

- describe the ways people can modify their appearance
- analyse why people want to change what they look like
- present how Austrians react to body modifications

Give your article a **title** and write about **250 words**.
